For the month of August our Saturday Outing is on the 12th. We are planning to go to the Oregon Gardens. This wonderful 80 acre facility has over ten gardens showing Oregon's diversity & history. The conifer garden is recognized by the American Conifer Society as having one of the largest collections of dwarf and miniature conifers in the country. Statues, fountains, and whimsical art can also be found in the garden. We are looking forward to visiting such a beautiful display.

We will be visiting the Benton County Fair on Thursday August 3rd. Our annual trek to the fair will be a time of wonder as we explore the 4-H animals and open class exhibits. It is a joy to see the variety of animals and the quality of art at the Fair.

We will be closed for the Solar Eclipse on Monday August 21st. Be safe: wear special solar glasses if you are going to view the eclipse and be prepared for a LARGE influx of people to the valley. This is a once in a lifetime event. Enjoy !
