FROM THE BOARD OF DIRECTORS

**Ann
Zweber,
Board
President**

Greetings!

Summer brings much joy and excitement at Grace Center. Our program continues to grow and develop with new participants and activities. Our garden area is blooming under the care of our participants, volunteers, and staff. And most exciting, we are officially launching our capital campaign as we enter the final stages of our building purchase. Please see the letter from Wayne Kradjan.

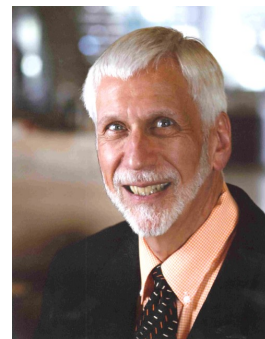

We are putting a tremendous amount of energy into the capital campaign, and planning events that will give community members opportunities to learn about Grace Center and connect with us in a variety of ways. You will see a number of upcoming events, but you might notice that the annual Jubilee is not on the schedule for the upcoming fall. We will host the Jubilee again on April 22, 2017.

We appreciate the ongoing support from individuals and sponsors, and we welcome feedback and volunteers to assure a successful event.

Our dedicated directors, staff, board, and community supporters continue to make Grace Center a growing and dynamic part of our community.

Check out our Facebook page (www.facebook.com/GraceCenterForAdultDayServices) for regular updates on activities enjoyed by our participants. Our commitment to providing a healthy, active environment for our participants, and support for their caregivers, truly does keep families together and communities inter-generational.

**Wayne
Kradjan,
Committee
Chairman**

Our Dream ——— ——— Has Come True!

City approval has been obtained and Grace Center has signed an agreement to purchase our existing building from Samaritan Health Services. We give our sincere thanks to Samaritan Health Services for assisting us in the process. They will retain ownership of the undeveloped part of the property next to Grace Center. Over the next several weeks, watch for demolition of the unused portion of the building, construction of a new firewall, and improvements to sidewalks and planters around the perimeter of the property. As outlined elsewhere in this newsletter, we will be hosting an open house at Grace Center to meet the Grace Center staff, take a tour of our facilities, and to learn more about making a financial gift to Grace Center. **(cont. on next page)**

Reaching this milestone in the history of Grace Center would not have been possible without many generous gifts from foundations and individuals during the initial "silent phase" of our capital campaign. Amazingly, we have already raised over \$445,000 toward our long term goal of \$1.5 million to fully pay for the building purchase and to establish an operating endowment. Not only does this assure that we now have a permanent home to serve our participants and their families for many years to come, but once the endowment is funded we will also have the resources to keep participant costs even more affordable.

How you can help

Please know that financial support from generous donors was critical in making Grace Center's

dream of owning our building a reality, but there is more to be accomplished. We are in conversation with other foundations and individuals about large gifts, but each requires evidence of financial support from the residents of the local community. Thus, we ask you to carefully consider making a heartfelt contribution to our capital campaign in addition to your annual gifts to Grace Center. Also, please let others know of Grace Center's amazing service to those with disabilities and memory care needs as well as the respite provided to their families. Encourage them to make a donation to our capital campaign.

Gifts of all types and sizes are gratefully appreciated. Pledges of up to 3 years are also acceptable. If you would like to make a gift of cash, stock, or real property, please contact one of us as listed at the bottom of the page.

GRACE CENTER GIFT AND NAMING OPPORTUNITIES

Please consider the following opportunities
(naming is not a requirement for the following gift sizes):

GIFT RANGE

\$100,000 & UP

EXAMPLE NAMING OPPORTUNITY
